GELFLEX CUSHIONING

COMMERCIAL STYLE AC MOTOR

HIGH PERFORMANCE MONITOR

BLUETOOTH APP CONNECTIVITY

Keep Motivated to Stay the Course with NEW Zwift Compatibility on the ST37A.4. Now you can train with programs designed to take the guesswork out of training, on a machine that's built to go the distance.

COMMERCIAL STYLE AC MOTOR:

Commercial Style AC Motor. The latest of the famous Orbit Startrack ST37A.4 Treadmills is meticulously engineered with a superior AC motor to deliver more power, quieter operation and reduced electricity consumption complete with Orbit's unparalleled ten year replacement warranty. This Motor delivers higher torque and more power.

HIGH PERFORMANCE MONITOR:

The Startrack's large 18cm back lit LCD display has been designed by industry experts and features seven strategically placed HIIT (high intensity, interval training) keys (7 speed, 7 incline) for easy, safe access while running. Equipped with 15 pre-set programs, 1 manual program, 3 heart rate programs, 1 body fat program PLUS 3 blank programs so you can design your own, the easy to read console displays distance, speed, elevation, calories and pulse.

STARTRACK GELFLEX CUSHIONING:

Fitted with dual 50mm central stabilisers, the Startrack Gel Flex cushioned deck reduces foot impact by up to 86% and provides the ultimate softest and quietest running experience so you can train at a higher intensity for longer enabling you to achieve your fitness goals faster and with much reduced injury risk.
