

TANITA

Monitoring Your Health

BC 587

200KG HIGH CAPACITY BODY COMPOSITION MONITOR

Benefits

The Tanita BC-587 is perfect for monitoring changes in your weight and body composition over time.

Using the latest Innerscan technology you will see the true impact of your diet and fitness programme on your body giving you the motivation to achieve your goals.

With a high weight capacity of 200kg and an extra wide platform, the monitor provides perfect stability when stepping on and off the scale. Results are clearly displayed on an extra large LCD screen with bright blue backlight.

Key features

- Extra high weight capacity 200kg / 31st 6lb
- Extra wide platform for stability and security
- Advanced InnerScan Technology
- Four data storage memories
- Advanced Dual Frequency Technology
- Patented transparent electrode technology
