

# OBR830 | FC FITCLUB RECUMBENT BIKE

**ADJUSTABLE SEAT**

**MAGNETIC RESISTANCE**

**ADJUSTABLE PEDAL STRAP**

**LCD MONITOR TO TRACK WORKOUTS**

The Orbit FitClub Recumbent Exercise Bike is a great, cost effective exercise bike with a comfortable, sturdy backrest and easy access, walkthrough design. Engineered with 8 levels of silent magnetic resistance, featuring ultra smooth and silent operation allowing you to exercise without disturbing those around you.

### ADJUSTABLE PEDAL STRAP

Adjustable toe cages for standard foot wear, we have eliminated slip-off and up-lift.

### MAGNETIC RESISTANCE

The Magnetic Resistance has 8 different settings, Adjusted with an easy to use tension control dial.

### LCD MONITOR TO TRACK WORKOUTS

Monitor your progress with a built in performance monitor. You can track your speed, time, distance, calories and even monitor your heart rate. Battery powered means no cords needed. No pressure required on hot keys to set and change your readouts. Simply place your finger above the key for instant response. Integrated tablet / phone holder.

### SEAT ADJUSTMENT

The padded seat can be adjusted forward and back, to allow you to customize to your personal height so that you can train harder without being uncomfortable.
