

SS242 STEADYSTRIDER TREADMILL

SUPPORT STRAP

MANUAL INCLINE

HIGH PERFORMANCE MONITOR

START/STOP AND SPEED ADJUST

The SteadyStrider Treadmill is Designed for Rehab and Older Users to Ensure an Effective, Safe and Secure Exercise Experience. Build Confidence, Step by Step, with the Completely Removable Support Strap and Hand Rails, Supplying Extra Padded Hand Support when Needed, Building Gradually to Unsupported Walking.

EASY TO READ BACKLIT DISPLAY:

The easily accessible and easy to read console features Speed Time Distance Calories and Pulse. There are 12 preset speed programs and quick speed hot buttons from 1km/h to 8km/h. Two water bottle holders, tablet holder and tethered emergency stop switch provide convenience, safety and entertainment capability.

PADDED HAND RAILS:

Easy and quick access Start/Stop buttons and Speed toggle keys are conveniently located on the padded side rails as well as contact heart rate hand sensors to monitor pulse while training.

COMPACT AND LIGHTWEIGHT:

The SteadyStrider Treadmill is compact and light weight making it suitable for transporting and storing. Two transport wheels and soft drop lowering enable fold-up (only when side rails are removed), to help with easy storage.
